Dear Carol,

You and Debbie and your beautiful carriage and Belgian Draft Horses MADE our neighborhood's Oktoberfest celebration! The entire collection of residents here are still going on and on about how beautifully the wagon was decorated, how professional you and your team were, and how thorough you were in seeing to it that we all had a good time.

When I originally spoke with you about our Oktoberfest I asked if you would decorate the wagon for Fall. I never imagined that the decorations would include the bale of hay and the woven garlands of fall leaves that made one resident comment, "I just got back from Napa Valley and a vineyard there had a wagon decorated *just* like this one!"

Your attention to safety and your generosity with the never-ending desires of the children were greatly appreciated. We'll be calling you for every opportunity and every fundraising activity Larchmont has!

Sincerely,

Trisha
